Subject: Request for Meeting to Discuss RSAF new SFW/CBU-105 Acquisition

Your Royal Highness,

I hope this letter finds you well.

Please allow me to extend the wishes and the regards of all senior members of the Board of Textron Systems Corporation.

I will be most privileged if Your Highness would grant us a meeting appointment to discuss RSAF next acquisition of CBU-105 D/B. During our meeting, I will be pleased to discuss and to propose the following:

1. Accelerated delivery schedule
2. In-country technical support at no extra cost to RSAF
3. Air freight shipment to be included in the purchase price
4. Industrial Cooperation

Dear Mansour,
Good Morning,

Thank you for the Chairman meeting request letters. I received them all and printed hard copies.

Regarding FMS versus DCS letters, please see the attached modifications I made on the Word version of LtGen. Mohammad Al Ayesh letter. Basically deleting some unnecessary words to make it shorter and brief.

Thanks a lot again,
Will call you later this morning.

Enjoy your stay in beautiful Boston.

Subject: Request for Meeting to Discuss RSAF new SFW/CBU-105 Acquisition

Dear General Al-Ayesh,

I hope this letter finds you well.

Please allow me to extend the wishes and the regards of all senior members of the Board of Textron Systems Corporation.

I will be most privileged if you would grant us a meeting appointment to discuss RSAF next acquisition of CBU-105 D/B. As your Excellency appreciates we are currently in the process of delivering the RSAF 1300 CBU-105 D/B acquired through FMS channels. However, for the new RSAF acquisition, we would like to offer better contracting options whereby greater savings, better services and better cooperation can be realized for the benefits of RSAF. During our meeting, I will be pleased to discuss and to propose the following:

1. Accelerated delivery schedule
2. In-country technical support at no extra cost to RSAF
3. Air freight shipment to be included in the purchase price
4. Industrial Cooperation

I would appreciate receiving your Excellency's confirmation of the meeting at your convenience.

With kind regards,

Respectfully Yours,

Dear Mansour,
Greetings where ever you are;

By this message I would like to express my concerns regarding lack of readiness for the Chairman’s visit to Riyadh. So far the only confirmation of appointment I received is from MIC; still we did not hear from the others; this needs local follow up and you are the one who knows them best.

Next weekend will have a meeting with Scott (the Chairman), to brief him about the status and the details of the trip. Very sincerely, at this stage I am concerned about the Riyadh Portion of the trip unless positive developments happen during this week.

I am well aware that you have other pressing matters. If you will not be in Riyadh soon and if you will not be able to lead this activity, I understand; I am reaching out to you for your help and assistance. Please advise what are the immediate steps needed to be taken.

Sincerely,
Avo

Dear Avo,

Good morning. This is to give you an update on my efforts in following up for the meeting appointments with HRH Prince Salman and Prince Khalid Bin Sultan for both the Chairman and yourself.

Officially the requests have been processed as per the slips attached, however, I must follow up personally and religiously to expedite this to get appointments confirmed.

I will be communicating with the head of HRH Protocol office to confirm the meetings. Again, it was hinted this morning that we shouldn't have high hopes for the meeting with HRH Prince Salman due to his busy schedule and as he is more focusing on other affairs than MD's.

NUSUB: Meeting with Minister of Planning:

For the Minister of Economy and Planning, I was informed today that this coming Saturday or Sunday, we will be notified after checking the Minister's travel schedule outside KSA.

This is an update for your information and relaxation.

Dear Avo and Tarek,

Good day to you all.

Please provide a very brief statement (4 – 5 lines) about the chairman and Textron Inc. This is normally needed for the Protocol staff to submit to HRH just seconds before the meeting, so, he knows who he will be meeting. You may want to mention that TSC has been contracted to supply the SFW to RSAF under FMS and the its recent demo of the UAS and MD plans to acquire UAS.

As these may be good points of discussion during the meeting other than the usual courtesies.

Dear Avo and Tarek,

Greetings and Good day.

I was speaking with the Head of Protocol & PR at the Minister’s office (Col. Mohammed Al-Ghofaily – I know his father very well Lt. Gen. Saleh Al-Ghofaily) and was informed of the following:

- 1- Per the new ruling of HRH Prince Salman directions that any meetings with any company officials must be coursed through the Chief of Staff who will recourse it through the designated Force and in our case will be with RSAF. Likewise, any meetings with diplomats, it will be coursed through the Ministry of Foreign Affairs,
- 2- He confirmed that a telegram has been sent last Wednesday to the Chief of Staff office for their inputs for both meetings with the Minister and His deputy,
- 3- He indicated that the schedule for HRH Prince Salman is very tight at this time and the meeting may not take place,
- 4- He will wait for the Chief of Staff’s office inputs for all the meetings – he indicated that it may take few days to get the feedback.

I have insisted with him to try to confirm the meetings with both Princes. He replied that he has to receive the inputs from the Chief of Staff’s office as these are the new rules.

Immediately, I called the Head of Public Administration at the Minister’s office (Mr. Abdolmohsin A-Shamikh) to check on the appointments, he promised to find out and would call me back in 10-15 minutes. Surely, 10 minutes later, I received a call from Abdolmohsin who confirmed that four telegrams were sent to the Chief of staff’s office for their inputs.

To confirm what I have been hearing from both Col. Mohammed and Abdolmohsin, I called the Head of Telegrams office (whom I know for many years) and he confirmed that four telegrams were sent to the Chief of Staff’s office – I asked him to do me a favor by expediting and keep me informed.

I am thinking I should try tomorrow to expedite with RSAF but since General Ali Al-Ghamdi is aware of the meetings with both Princes and encouraging such meetings, I would request that you also make an urgent phone call to him or e-mail him to expedite (personally) from his side with General Al-Ayesh’s office as I am sure these “famous” four telegrams should be there now or by tomorrow at the latest as a follow up by general Al-Ghamdi would help accelerate the response back to the Chief of Staff and then in turn to the Minister’s office. In doing so, you may wish to send copies of the slips referencing the four requests and the letters we submitted to the Minister’s office.

To me, this is a complete departure or change of rules from the days of the late HRH Prince Sultan Bin Abdulaziz, however, I guess, this is the way to streamline meetings, discussions and commitments especially with visiting Diplomats and Company’s officials.

The good news is the request is under process and being pursued religiously, the bad news is how long it will take to get the inputs.

NUSUB: Minister of Economy and Planning:

One of the staff at the Minister’s office asked what is the purpose of the meeting with the minister, I said that Mr. Scott Donnelly is the chairman and CEO of Textron Inc. which is a major American Defense Contractor and wish to meet the Minister as a courtesy and especially that he is also the Head of the Saudi Economic Offset which Textron may want to explore with the minister. Apparently, they have been questioned by the minister. They promised to call us as soon as the schedule of the meeting is confirmed.

Just in case, please keep an eye on your fax and alert your secretary as they normally send a fax when the appointments are confirmed.

This is for your kind information.

Greetings Avo,

Hoping all well.

Despite all efforts and trying, till now there are no confirmation received and the chances are becoming less due to their internal affairs, new procedures for meetings with company officials and sudden cancelation of appointments.

I am still monitoring the situation but no guarantees to have these appointments confirmed.

Not having confirmed appointments and no guarantee to have, I am of the opinion that you may wish to alter the Chairman’s portion of the visit to Saudi Arabia till late February as recommended by Col. Mohammed.

Attached please find my report on the follow up and series of phone calls to get the appointments confirmed.

Greetings Avo,

Hoping all well.

Despite all efforts and trying, till now there are no confirmation received and the chances are becoming less due to their internal affairs, new procedures for meetings with company officials and sudden cancelation of appointments.

I am still monitoring the situation but no guarantees to have these appointments confirmed.

Not having confirmed appointments and no guarantee to have, I am of the opinion that you may wish to alter the Chairman’s portion of the visit to Saudi Arabia till late February as recommended by Col. Mohammed.

Attached please find my report on the follow up and series of phone calls to get the appointments confirmed.

With best regards,

Mansour

Please note that I will be away for the next three to four hours so, I will call you as soon as I am back.

Thanks for the update. Attached is a copy of the latest itinerary for Scott’s visit...I will continue to update this as information comes in.

I think we need to pay particular attention to Sunday 2 Dec...we have no appointment that day thus far. We may want to consider the meeting General Hamad Al-Sugair of the Economic Offset on Sunday...your thoughts?

Again Thank you all for your support.

Dear Tarek and all,

Good day,

This is an update on the meetings confirmations of Mr. Scott Donnelly and further to our two phone calls of today, please note the following:

I am pleased to report that the meeting with HE Lt. General Mohammed Al-Ayesh (Commander of RSAF) has been confirmed for 10 am on Saturday December 1, 2012 at RSAF HQ.

The meeting with HRH Lt. General Khalid Bin Bandar Bin Abdulaziz (Commander RSLF) is being confirmed and should hear from them tomorrow morning.

For your own information, Prince Khalid Bin Bandar just returned from the United States following his surgery (Back ??).

However, I am still working aggressively and diligently on the appointments with both HRH Prince Salman Bin Abdulaziz – Crown Prince, Deputy Premier and Minister of Defense and HRH Prince Khalid Bin Sultan Bin Abdulaziz – Vice Minister of Defense as I have been assured (This morning) that perhaps the meeting with HRH Prince Khalid Bin Sultan may be confirmed tomorrow or after. It is on progress as of now.

Furthermore, we received a regret letter (Attached) from the Minister of Economy and Planning & Head of Saudi Economic Offset (Dr. Mohammed Al-Jassir) – In this letter, he asked if we want to meet with General Hamad Al-Sugair of the Economic Offset. This letter may have been sent to Avo by e-mail or fax.

This is for your kind information.

Dear Avo,

SUBJECT: Meeting with HRH the Minister and HRH his Deputy:

I am following up now with the Prince office and all other concerned to set up the meeting for the Chairman with HRH Prince Salman Bin Abdulaziz and his Deputy HRH Prince Khalid Bin Sultan Bin Abdulaziz.

The question now is they want a very brief paper on **what need to be discussed** with HRH. Please prepare for me few lines of what the Chairman wants to discuss with both Princes.

You may want to call me to explain this further.

I am pushing to have the meeting for Sunday.

NUSUB: Meeting with HRH Commander of RSLF:

The meeting has been agreed but I asked them to wait till we confirm the meeting with HRH Prince Salman and Prince Khalid. I don’t want to have a conflict of times between the Minister’s appointment and RSLF Commander’s – They understand my reasoning and agreed but I have to let them know by Wednesday.

For this meeting, RSLF Commander has already directed his Deputy to bring in other senior officers from RSLF to attend the meeting with him and his Deputy.

This is for your information.

I will wait for your call.

Dear Tarek and all,

Good day,

This is an update on the meetings confirmations of Mr. Scott Donnelly and further to our two phone calls of today, please note the following:

I am pleased to report that the meeting with HE Lt. General Mohammed Al-Ayesh (Commander of RSAF) has been confirmed for 10 am on Saturday December 1, 2012 at RSAF HQ.

The meeting with HRH Lt. General Khalid Bin Bandar Bin Abdulaziz (Commander RSLF) is being confirmed and should hear from them tomorrow morning.

For your own information, Prince Khalid Bin Bandar just returned from the United States following his surgery (Back ??).

However, I am still working aggressively and diligently on the appointments with both HRH Prince Salman Bin Abdulaziz – Crown Prince, Deputy Premier and Minister of Defense and HRH Prince Khalid Bin Sultan Bin Abdulaziz – Vice Minister of Defense as I have been assured (This morning) that perhaps the meeting with HRH Prince Khalid Bin Sultan may be confirmed tomorrow or after. It is on progress as of now.

Furthermore, we received a regret letter (Attached) from the Minister of Economy and Planning & Head of Saudi Economic Offset (Dr. Mohammed Al-Jassir) – In this letter, he asked if we want to meet with General Hamad Al-Sugair of the Economic Offset. This letter may have been sent to Avo by e-mail or fax.

Dear all,

Hoping all well.

As reported, almost all appointments as planned are fixed but waiting for one last confirmation of the time from the Minister's office.

This morning and early afternoon following series of communications with HRH's office, Chief of General Staff's office, RSAF and the Head of Public Affairs at MD, it was agreed to fix the meeting with both HRH's but trying to allocate the time and confirm it.

For your information, I am pushing hard to make both appointments for Sunday as both HRH's are in the same office. This way will keep the Chairman busy on Sunday too - Wish me luck!

Tarek: Let's try to get the meeting with General Hamad Al-Sugair any day in the afternoon if possible, I am sure you appreciate that I want to have more available times during the morning's of Saturday and Sunday to avoid any chances of time conflicts, especially we are dealing with VVIP's.

I am on my I pad and don' have Tom Boyle email, can you please ask Tom to work on Hamad appointment but if you wish I can do that too as I know Hamad very well.

This for your kind observation.

Avo: I am waiting for your call.

Subject: Meeting with Minister of defense and/or His Depuaty

Dear Avo,

SUBJECT: Meeting with HRH the Minister and HRH his Deputy:

I am following up now with the Prince office and all other concerned to set up the meeting for the Chairman with HRH Prince Salman Bin Abdulaziz and his Deputy HRH Prince Khalid Bin Sultan Bin Abdulaziz.

The question now is they want a very brief paper on **what need to be discussed** with HRH. Please prepare for me few lines of what the Chairman wants to discuss with both Princes.

You may want to call me to explain this further.

I am pushing to have the meeting for Sunday.

NUSUB: Meeting with HRH Commander of RSLF:

The meeting has been agreed but I asked them to wait till we confirm the meeting with HRH Prince Salman and Prince Khalid. I don’t want to have a conflict of times between the Minister’s appointment and RSLF Commander’s – They understand my reasoning and agreed but I have to let them know by Wednesday.

For this meeting, RSLF Commander has already directed his Deputy to bring in other senior officers from RSLF to attend the meeting with him and his Deputy.

This is for your information.

I will wait for your call.

Rgds,

Mansour
